Subject: Team Fusion

Jennifer Hatcher Hood of the Monroe County Technical Center faxed a letter to the Governor on April 3 requesting that he recognize David Fava of the Gulfport Technology Center and his students (Team Fusion) for recently winning FIRST's (For Inspiration and Recognition of Science and Technology) regional competition in Houston, TX.

I prepared correspondence for the Governor's signature acknowledging and commending Team Fusion's win. I copied the letter to Ms. Hood.

This case is closed.

Gulfport, MS 39507

Dear Mr. Fava and Team Fusion:

Congratulations on recently winning FIRST's Lone Star Regional Competition in Houston. You can now see the benefits of all the time, energy and dedication that you put into building "FLASH." Your enthusiasm and success have motivated other Mississippi schools to participate in FIRST, an outstanding program for high school students to generate their interest in science and engineering. Thank you for your dedication and commitment.

Congratulations again on this accomplishment!

Very truly yours,

RONNIE MUSGROVE
